Robiul Awal

Autonomy Technology Engineer

Madani Avenue, Dhaka, Bangladesh
robiulawal527@gmail.com | https://robiulawal.netlify.app

Experience

Founder & CEO @ **AutoSphere**   *(2024 - Present)*

- Pioneering the development of autonomous technologies to revolutionize industries.
- Leading a multidisciplinary team to create cutting-edge AI-driven solutions for automation.
- Achieved milestones such as [list key achievements, e.g., funding, patents, partnerships].

Founder & CEO @ **Cognimed**   *(2024 - Present)*

- Pioneering the development of autonomous technologies to revolutionize industries.
- Leading a multidisciplinary team to create cutting-edge AI-driven solutions for automation.
- Achieved milestones such as [list key achievements, e.g., funding, patents, partnerships].

Expertise & Skills

Artificial Intelligence (AI) & Machine Learning (ML)
Robotics and Autonomous Systems
Quantum Computing
Natural Language Processing (NLP)
Full-Stack Web Development

Programming Languages: Python, Java, C++, JavaScript
Frameworks & Tools: TensorFlow, PyTorch, React, Node.js
Databases: MySQL, PostgreSQL, MongoDB
Cloud Platforms: AWS, Google Cloud, Azure
Additional Skills: Version Control (Git), Agile Methodologies, API Integration
Soft Skills: Adaptability, Resilience, Emotional Intelligence, Leadership

Education

Bachelor of Science in Computer Science and Engineering (CSE)
United International University   Bangladesh | *Graduation Year: 2027*

- **Key Projects**: [Highlight significant AI, robotics, or automation projects.]
- **Achievements**:
